

Every Hero Deserves A Home

At Homes For Heroes we have one goal in mind: to end Veteran homelessness. Currently, there are 10,000 unhoused Veterans across Canada. To address this crisis we build tiny villages, providing housing solutions that include wraparound services to address the full spectrum of needs.

This is our mission, and it is unwavering.

At Homes For Heroes we understand that true transformation requires more than just providing shelter - it requires comprehensive, wraparound support that addresses the full range of challenges faced by our Veterans.

Our programs are the cornerstone of our success, offering Veterans the opportunity to engage in both group sessions and one-on-one support with our dedicated Case Managers.

**It's More
Than a Roof
Over Their
Heads**

Homes For Heroes Programs:

Mental Health and Addiction Recovery: Access to rehabilitation, peer support and one-on-one counseling services focused on PTSD, addiction and substance abuse.

Employment Programs: Resume workshops, job placement assistance, mentoring and partnerships with local employers supporting our Veterans who wish to re-enter the workforce.

Life Skills: A focus on budgeting, understanding debt management, financial literacy and a grassroots approach that supports better personal hygiene and the basics of cooking, all aimed at fostering independent living.

“

“When I arrived, I was an absolute mess. I had incredibly difficult personal problems. I couldn't find work and was dealing with severe PTSD and that on its own makes everything unmanageable. But Homes For Heroes put me on a better, stable, positive path. Now, I am helping other Veterans and giving back. There just isn't any other place like this. It's critical that it continues and helps more Vets across Canada.”

”

| Joel, Veteran, Graduate and Program Mentor

At Homes For Heroes, we are committed to ensuring that no Veteran walks their journey alone. Every dollar you contribute goes directly to supporting Veterans in their healing and recovery process, offering them the personalized care they need to rebuild and flourish in civilian life.

Join us and empower our Veterans to overcome challenges, seize new opportunities, and rebuild their lives.

82 cents of every dollar raised goes directly to supporting programs for our Veterans.
